

*We're glad
you're here...*

We would like to welcome each of you here today. This day we take another step in healing our community of the effects of drug addiction. Today we reach out our hearts and hands to help those that have suffered from this devastating disease. We reach out to each other for strength and support as we continue the healing process for our community.

Thank you for being a part of this event .

Just For Today

Darkness took hold of me,
Friends betrayed me,
I betrayed myself.

Addiction imprisoned me,
Death waited for me
Hope deserted me,
I wanted to die.

Recovery embraced me,
Friends supported me,
Hope filled me.
God loved me.

I want to live...

Just for Today!
