

OUR MISSION

WestCare's mission
is to empower everyone whom
we come into contact with
to engage in a process of healing,
growth and change,
benefiting themselves,
their families, coworkers and
communities.

WestCare Wyoming Medium Correctional Institution Intensive Treatment Unit Therapeutic Community Program

Purpose

The primary goal of the Intensive Treatment Unit (ITU) located at the Wyoming Medium Correctional Institution (WMCI) in Torrington WY, is to reduce the incidence of substance abuse relapse and recidivism among residents. In addition the ITU promotes pro-social behavior that will enable the residents to exhibit satisfactory conduct within the facility leading to a successful integration back into the community. The program is designed to provide long-term intensive alcohol and other drug abuse treatment services for incarcerated men.

Services and Scope

The 144 bed in-prison residential Therapeutic Community, is a behavioral modification program with a focus on addressing criminal thinking errors and developing pro social behaviors. Therapeutic Community program provides gender-specific behavioral modification recovery services. The WMCI ITU includes individual and group counseling, cognitive skills, cognitive restructuring, social skills, interpersonal problem solving, anger management, trauma recovery, life-skills, parenting, alcohol and drug education classes, relapse prevention, and an introduction to (12) step meetings.

Funding Source(s)

The Wyoming Medium Correctional Institution (WMCI) Intensive Treatment Unit (ITU) Therapeutic Community Program is funded by the Wyoming Department of Corrections.

WestCare Wyoming Medium Correctional Institution Intensive Outpatient Program

Purpose

The primary goal of the Intensive Outpatient Program (IOP), located at the Wyoming Medium Correctional Institution (WMCI) in Torrington WY, is to reduce the incidence of substance abuse relapse and recidivism among the general male inmate population and increase pro-social skills which lead to successful community reintegration. WestCare's Wyoming WMCI IOP provides up to fifteen hours per week of in-prison intensive outpatient substance abuse education and treatment.

Services and Scope

The Intensive Outpatient program (IOP) at Wyoming Medium Correctional Institution will service 64 male offenders with a 4 month length of stay. The IOP will be designed to provide a cognitive behavioral intervention and intensive substance abuse treatment to parolees with technical violations. The IOP will: Provide each intensive outpatient participant a minimum of 15 hours programming per week. Provide each participant with clinical services including group counseling and individual counseling. Incorporate Cognitive Behavioral Training and Relapse Prevention Training. Provide curriculum-based substance abuse education and skills training using evidence based programs and materials. Provide case managed transition services and referrals.

Funding Source(s)

The Wyoming Medium Correctional Institution (WMCI) Intensive Outpatient Program is funded by the Wyoming Department of Corrections.

8/03/10

WestCare Wyoming Medium Correctional Institution Outpatient Substance Abuse Program

Purpose

The primary goal of the Outpatient Substance Abuse Program located at the Wyoming Medium Correctional Institution (WMCI) in Torrington WY, is to reduce the incidence of substance abuse relapse and recidivism among the general male inmate population and increase pro-social skills which lead to successful community reintegration. WestCare's Wyoming WMCI outpatient program provides up to nine hours per week of in-prison intensive outpatient substance abuse education and treatment.

Services and Scope

The WMCI outpatient program is designed to serve approximately 180-200 adult males over a 12 month period. It includes individual and group counseling, cognitive skills, cognitive restructuring, social skills, interpersonal problem solving, anger management, trauma recovery, life-skills, parenting, alcohol and drug education classes, relapse prevention, and introduction to (12) step meetings. The focus and intensity of treatment is modified to accommodate the realistic/practical treatment needs of individuals as they begin embracing their own need for continued recovery. The process for treatment in the program is one of discovery and sets a firm foundation to allow the individuals to empower themselves and become productive members of society and their community.

Funding Source(s)

The Wyoming Medium Correctional Institution (WMCI) Outpatient Substance Abuse Program is funded by the Wyoming Department of Corrections.
